#### **4. PUBLIC ART PROGRAM GUIDELINES:**

##### **4.1 Art Enrichment, Public Art Trust, or Public Art Funding from any other source**

###### **4.1.1 Funding Allocation:**

4.1.1.1 Art Enrichment ("AE"): In accordance with Section 3.19 of the Administrative Code, allocations will represent 2% of the gross estimated construction cost, excluding the cost of the proposed artwork. Exemptions to this requirement are itemized in Section 3.19 of the Administrative Code.

4.1.1.2 Public Art Trust: Commercial Development in specified districts are subject to 1% Public Art Fee. Developers of Non Residential Developments are required to spend \$500,000 or \$750,000 of that fee on the property depending on whether the development has more or less than 3,000 sq. ft. of open space. After this minimum requirement is met, the Developer may elect to use any remaining balance of the Public Art Fee either (a) on the development site; (b) to contribute the entire remaining balance to the Public Art Trust; or (c) divide the remainder between on-site use and contribution to PAT.

4.1.1.3 Funds provided from other sources: Charter Section 5.100 provides that the governing boards of the arts and culture departments may accept and shall comply with the terms and conditions of loans,

gifts, devises, bequests or agreements donating works of art or other assets to their department without action of the Board of Supervisors so long as acceptance of the same entails no expense for the City and County beyond ordinary care and maintenance. As a general principal, PAP funding from other sources, public or private, shall be administered under the policies and procedures incorporated in these guidelines.

4.1.2 Commission control of funds: Both AE Ordinance and PAT, and authority granted under the City Charter stipulate that the Arts Commission shall supervise and control the expenditure of all AE and PAT, or other dedicated funds for art.

4.1.3 Administrative Fee: Both AE Ordinance and PAT stipulate that the Arts Commission may allocate up to 20 percent of the funds for all necessary and reasonable administrative costs incurred in connection therewith unless such administrative fee is limited or prohibited by the funding source. Administrative costs include:

- Public Art staff salaries and benefits.
- PAP office overhead (Percentage of Administrative staff salaries and benefits, office space rental costs, equipment, office supplies, telephone, periodicals, photocopies) and non-project related local field (parking, public transit, local travel) and other general administrative costs. The percentage of agency overhead charged to the PAP is calculated annually based on number of FTE staff charged to the program.

4.1.4 Maintenance and Conservation Funds:

4.1.4.1 Art Enrichment Funds: As per Section 3.19 of the Administrative Code: When permitted by the funding source, the Arts Commission may set aside and expend up to ten percent of the total art enrichment allocation for each project for maintenance and conservation of artworks in the Civic Art Collection. In the case where the project has limited public access, or generates funds insufficient to acquire new artwork, or cannot otherwise be used judiciously for that purpose, the Arts Commission may use the entire project Art Enrichment allocation for maintenance and conservation as per these guidelines (Section 4.1.5 "Aggregation of Funds/Use of Funds at a location other than the CIP Site"). Funds set aside pursuant to this Section may be invested in an interest-bearing account when the total of such funds set aside exceeds \$10,000.

4.1.4.2 Public Art Trust Funds: As per Section 429.5 of the Planning Code: Funds contributed to the Public Art Trust may be used for the conservation, preservation, and restoration, but not maintenance of temporary and permanent public works of art in the public realm within the geographic restrictions of this section.

4.1.5 Aggregation of Funds/Use of Funds at a location other than the CIP Site:

4.1.5.1 Regarding Art Enrichment Funds: As per Section 3.19: When mutually agreed upon by the Arts Commission, the City department from whose capital project the art enrichment allocation was obtained, and any other City department with jurisdiction over a proposed alternative site, and where permitted by the funding source, the Arts Commission shall have the authority to aggregate art enrichment funds for use on an alternative City property.

4.1.5.2 Regarding Public Art Trust Funds: Funds contributed to the Public Art Trust may be used at any site within the geographic restrictions of Planning Code Section 429.

4.1.6 Allowable Expenditures:

4.1.6.1 Use of Bond Funds: Art Enrichment funds derived from bond fund sources have certain restrictions:

- Use for Capital Purposes: Bond funds must be used for the construction of "real property" and as such, Artwork funded with bond funds must be permanently sited and have a useful life of at least three to five years, but ideally for the life of the building where the artwork is located.
- Fixtures, Furnishings and Equipment (FF&E) are not eligible for bond funding. For the art enrichment program, this may mean that portable artworks not permanently affixed to the site may not be eligible for use of bond funds.

- Use of Bond Funds for Conservation: Bond funds may be used for activities that substantially prolong the life of the City's asset. While routine maintenance is not a bond-eligible expense, bond funds may be used to conserve permanently sited artworks within the Civic Art Collection.
- Expiration of Bond Funds: Bond funds must be expended on a City-owned asset during the project period, which is typically within three years of the funds becoming available for the project. Any unspent bond funds revert to the Client agency managing the bond program so that the program may be closed out.
- Additional Limitations: The specific language of the bond measure may include additional specific limitations. Possible limitations should be verified with the Client Agency on a project by project basis.

4.1.6.2 Art Project Budget: In general, any expense which is directly related to the artist selection and artwork design, fabrication and installation of the artwork, including but not limited to the following:

- Artist's fee for professional design, execution and installation of the art work(s) as described in the artist's budget, including any and all labor, materials, bonding, permits, or any other costs directly related to the implementation of the art project.

- Consultant fees for other costs relative to the art project, such as architectural fees, engineering, cost estimates, lighting design, and other services as identified and as approved by the Arts Commission.
- Design and/or materials modifications to the capital improvement project necessitated by the art project. In the case where these changes/modifications increase the base cost of the capital improvement project, the art project will be credited with the base cost, and only the premium incurred by the art project will be charged to the art budget; i.e., if the original building material in an area was estimated to be \$20 a sq. ft., and the art project calls for an upgrade of material to \$30 a sq. ft., only the difference of \$10 a sq. ft. may be charged to the art project.
- Sales Tax (when applicable), and fees for required licenses and permits.
- Audio and video recordings or any other educational or informational materials necessary to help make the artwork programmatically accessible to the disabled and other members of the public.

- Artworks designed by the architect
- Expenses related to the ongoing operation of the artwork such as electrical, water or mechanical service required to activate the work and utility costs.

4.1.8 Project Donations: Project donations of labor, materials or funding must be approved by the Commission. An increase in project scope enabled by donations shall be evaluated for impact on staff resources. All donations which increase the artist's project budget must be matched by a proportional overhead amount to cover the increased administrative expenses.

## 4.2 **Public Art Project Plan:**

4.2.1 Arts Commission Approval of Public Art Project Plan: In general practice, the commencement of each new public art project, the Project Manager in consultation with the Program Director shall develop a Public Art Project Plan. Approval of the Public Art Project Plan by the Client Agency and Arts Commission authorizes staff to proceed with implementing the plan.

4.2.2 Director of Cultural Affairs Approval of Art Plan: As per Arts Commission Resolution #0507-12-143, the Director of Cultural Affairs may approve *start up of new art enrichment projects, including determination of overall project parameters* where the budget does not exceed \$100,000 and where design approval is not required.

Other considerations include the artist's current workload and/or the number of artworks by that artist in the Civic Art Collection. The Arts Commission encourages artists of diverse racial, sexual, and cultural identities to apply for public art project commissions sponsored by this program for Arts Commission consideration. Per City contracting requirements, artist applicants who are registered as a Local Business Enterprise will be given a rating bonus of 10% relative to other applicants.

- Diversity: The Arts Commission is committed to acquiring art works that reflect diversity in style, scale, media, and artistic sources as well as diverse cultural communities and perspectives. The Arts Commission also encourages exploratory types of work as well as established art forms.
- Feasibility: Proposed objects shall be evaluated relative to their feasibility and convincing evidence of the artist's ability to successfully complete the work as proposed. Factors to be considered include, but are not limited to: project budget, timeline, artist's experience, soundness of materials, City approval requirements, and level of community support.

- Duplication: To assure that the artwork will not be duplicated, the artist will be asked to warrant that the work is unique and an edition of one unless stated to the contrary in the contract.

**4.5 Artist Selection Process for different Contract/Purchase Thresholds**

**4.5.1** City Purchasing Department contract threshold requirements (Chapter 21 of Administrative Code):

- Contracts under \$10,000 may use direct selection with no RFQ/RFP
- Contracts under \$100,000 may use an informal bid process with solicitation of bids from at least three vendors.
- Contracts over \$100,000 require publication of an RFQ/RFP

Bi-annual Pre-qualified Pool: The Purchasing Department allows departments to establish bi-annual pre-qualified pools for vendor selection, which allows the department to limit the competition for contracts to firms within the pre-qualified pool. The Public Art Program may establish a pre-qualified pool of artists to be considered for projects with budgets up to any contract ceiling limits approved by the Commission. The RFQ for the pre-qualified pool must be issued every two years.

**4.5.4 Artist Selection for projects with budgets over \$500,000:** Arts Commission will issue RFQ or RFP

**4.6.4 Direct Selection:** Arts Commission must receive Sole Source approval by the Purchaser in order to purchase any artwork or commission any artist to create an artwork that has been directly selected and has not been selected through a competitive selection process. The Sole Source approval process is detailed in Administrative Code, Chapter 21.5. Examples of Sole Source contracts previously awarded include contracts with an artist to repair his/her artwork, or perform a modification or extension of his/her artwork.

#### **4.7 Artist Recruitment:**

4.7.1 Request for Qualifications (RFQ) or Request For Proposals(RFP): The RFQ or RFP shall be based on the approved project plan and contain the following information:

- Project description and goals
- Project parameters and scope-of-work

- Criteria for selection of artist and/or artwork
- Budget

4.7.2 The Recruitment Plan: The PAMP shall develop a recruitment plan to ensure the commission will be advertised to a broad and diverse group of artists.

#### **4.8 Artist Selection Panels:**

4.8.1 Selection Panels; City Requirements: As per city contracting requirements, more than 50% of every contractor selection panel must be made up of panelists from outside of the contracting department. The contract manager may not be on the selection panel. For the purposes of the Public Art Program, this applies to both the pre-qualification panel and the final selection panel meetings. Selection Panels are public meetings and must be posted and conducted accordingly.

4.8.2 Artist Qualification Panel and Composition: The purpose of the Artist Qualification Panel is to review all project applicants to develop a short list (usually between 15 - 30 applicants) deemed most qualified for the project opportunity. This qualified list is submitted for further review by the Artist Selection Panel. The Artist Qualification Panel shall consist of a Public Art Program staff member (cannot be the project PAMP) and two panelists from outside the department. The outside reviewers may also serve on the Artist Selection Panel. Applications will be evaluated relative to the minimum candidate criteria, appropriateness of the artist's work to the project site and qualifications outlined in the Project Plan/RFQ/RFP.

4.8.3 Artist Selection Panel Composition: Selection Panel Composition may vary based upon the project's budget size. The reviewers who served on the Qualification panel (other than PAP staff) may serve on the Selection Panel for continuity.

4.8.4 Arts Commission Approval of Arts Professional Panelists: A slate of arts professionals eligible to serve on the Public Art Program Selection Panels are approved by the Arts Commission. The PAMP will make a good faith effort to appoint selection panels that have a balance of gender and ethnic representation. In general, panelists will be drawn from the Bay Area, but occasionally, the PAMP may want to employ an out-of-town panelist for either reasons of expertise, or to provide an outside perspective.

- 4.8.5 Conflict of Interest: Persons who would directly benefit from the selection of a particular artist or artwork are ineligible as panelists (i.e. gallery owners, brokers, artist representatives, familial relation to the artist, etc.). Perspective panelists may be asked to fill out a conflict of interest form prior to be approved for service on a Selection Panel.
- 4.8.6 Role and Duties of a Selection Panel: All Selection Panel recommendations will be submitted to the Visual Arts Committee for approval. Visual Arts Committee actions are in turn submitted to the full Arts Commission for ratification by Resolution. The role and duties of the Selection Panel are as follows:
- Review application materials of the slate of pre-qualified candidates presented by the PAPM.
  - In accordance with the approved Project Plan, the Selection Panel will be asked to review candidates and either 1) select a single artist for the commission 2) select a group of finalists who will be asked to make a specific site proposal, or be scheduled for an interview session with the panel prior to the panel making a final recommendation.
  - If the Selection Panel selects finalists for further review, the same panel will reconvene for this review.
- 4.8.7 Identification and Recruitment of Panelists: PAPMs will identify and recruit selection panelists. Individuals interested in serving as selection panelists may be asked to submit a resume and references. Community representatives will be identified in consultation with the Client Agency and community organizations in the vicinity of the project.
- 4.8.8 Panelist Compensation: Arts Commissioners, other City agency commissioners, community representatives, City employees and project team consultants who serve as panel members will do so without compensation. Compensation will be paid to arts professional panel members at the rate of \$400 a day, or \$200 a half-day. Arts professionals will also be reimbursed for the cost of travel and parking.
- 4.8.9 Panel Contingency: In the case where a panelist cancels participation at such a late date that the panel cannot be rescheduled and a replacement panelist cannot be identified, the Public Art Program shall have the following recourse:
- If the non-attending panelist is an Arts Commissioner, then the Commissioner will be replaced for that panel by a member of senior public art program staff or executive staff.
  - If the panelist is an arts professional, member of the CIP design team, or representative of the community, the panel will proceed as scheduled.
  - If the client representative cannot attend and cannot provide an alternate, the Public Art Program Director, in consultation with the Director of Cultural Affairs or Arts Commissioner representative on the panel, whether or not the panel meeting will need to be canceled and rescheduled.

- Panelist's score sheets are public documents and in accordance with City administrative code, each panelist's name must be on his/her score sheet, and score sheets must be collected and retained by staff after the completion of each panel review.
  - Scoring shall result in a numerical score for each applicant. Results of numerical score shall determine whether or not the applicant proceeds to the next level.
  - Applicants who are registered as a Local Business Enterprise will receive a rating bonus as per Section 14B of the Administrative Code.
- 4.10 Recourse:** At any stage, the selection of an artist or project proposal may be interrupted by a majority vote of the appropriate body. If this occurs, the following options are available.
- 4.10.1 The Selection or Qualification Panel may:

- Determine that the candidate pool has an insufficient number of qualified candidates and decline to select an artist or finalists.
- Determine that none of the finalist's proposals meet the project criteria and decline to make a selection.
- Panel may recommend that finalists be asked for further clarification or redesign of their proposals.
- Panelists may recommend that another group of finalists be selected.

- Community shall be apprised that selection panel meetings are open to the public and that interested persons are welcome to attend and may speak during public comment. A community representative shall serve on the selection panel per the Public Art Project Plan.

- Members of the public interested in commenting on any publicly displayed proposals are invited to provide written comments to be shared with the Selection Panel and/or to attend the Selection Panel and/or Visual Arts Committee meeting where the proposals will be reviewed.

**4.12 Proposal Development, Review and Approval**

**4.12.1 Proposal Memorandum of Understanding:** Approved finalists will enter into an informal agreement ("Proposal Memorandum of Understanding") with the Commission to develop a site specific proposal for the public art project opportunity. The Proposal Memorandum of Understanding details the proposal requirements, submittals, timeline and proposal fee amount.

**4.12.2 Staff Review of Artwork Proposals:** In order to ensure that artists propose feasible and durable artwork of the highest aesthetic quality, staff shall review the development of artwork proposals prior to any public display or submission to the Selection Panel. Staff shall share any concerns about the proposal with the artist. Any staff concerns related to the quality and feasibility of the proposals not addressed by the artist in the final proposal shall be included in the staff report to the panel and/or the VAC.

**4.12.3: Public Display of Proposals:** Proposal display boards shall be placed on public view at an easily accessible public location in the neighborhood, as well as being posted on the Arts Commission website, for 2 weeks to allow for public comment. Public comment shall be summarized and provided to the Selection Panel for their consideration.

**4.12.4** The proposal chosen by the Selection Panel shall be submitted to the VAC for approval; VAC recommendations shall be submitted to the full Commission for approval by Resolution.

#### **4.13 Contractual Agreements and Purchase Orders:**

- Commission approval of contractual agreement and purchase orders: For commissions, the Arts Commission shall contract with artists using the City contract developed by the Arts Commission and City Attorney specifically for this purpose. For purchases of existing artwork, the Arts Commission shall enter into a purchase agreement with the artist or gallery and enter into a copyright agreement with the artist.
- The Commission shall approve the contract or purchase order amount for all artwork commissions or purchases, or modifications of the same, except where that authority has been delegated to the Director of Cultural Affairs under Resolution No. 0507-12-143.
- Compliance with State Law regarding Artwork classified as a Public Work: For artwork that is classified as a public work under California State law, the Commission shall contract separately with licensed contractors for installation of artwork and otherwise comply with all prevailing wage, bonding, and other requirements pertaining to the construction of a public work.

#### **4.14 Artist's Fee Policy:** It is the policy of the San Francisco Arts Commission to pay professional fees for all creative work requested from artists. The Commission's charge of public accountability requires a consistent policy for awarding equitable artist fees for public art projects. Because the particular circumstances for each project vary, the Commission must consider a number of factors in determining whether or not an artist's proposed fee is appropriate.

##### **4.14.1 Factors Affecting the Amount of an Artist's Fee:** Projects may be designed and executed by the Artist him/herself, or the Artist may be the designer and the project is fabricated by others. In either case, the Commission may consider the following factors in determining the artist fees awarded for each project:

- The scope of work and length of artist involvement
- The project budget
- The artist's experience and professional standing
- The fee scale for similar scopes of work on comparable projects
- Documented market value for similar examples of the Artist's work

##### **4.14.2 Guidelines for Fees for Projects Not Fabricated by the Artist:** In general, when a project is designed, but not actually fabricated by the artist him/herself the artist's fee should represent 10 to 20% of the Artist's contract budget and includes all phases of work, design through installation, and is compensation for both design and project management. Artist's project management responsibilities include, but are not limited to contracting with and overseeing artist's subcontractors, such as the artist's structural engineer and other consultants, and fabricators. Artist's fee shall be based on the estimated amount of the Artist's contract, not the project budget, which may include work performed on behalf of the project under separate agreements with the City by the CIP architects, General Contractor, or other contractors under a separate agreement with the Arts Commission.

##### **4.14.3 Soft Costs vs. Hard Costs:** As a general guideline soft costs of the Public Art project should not exceed 25% of the project budget. Soft costs are defined as all artist and consultant fees and expenses (such as overhead, studio operation, and other labor) not directly tied to actual purchase of materials, fabrication, transportation or installation the artwork). Design fees of the CIP architects, and consultants, even if not included in the Artist's contract, are included in this formula.

##### **4.14.4 Proposal Honorarium:** Proposal honoraria are non-contractual payments made to artists for proposals made for specific sites as part of the selection process. While payment of honoraria does not transfer title of the proposal to the Commission without an agreement in writing the Commission reserves the right of first refusal to purchase the proposal at fair market value. Recommended Fee Range: \$750 minimum or approximately 1% of Project Budget. For more complex projects with a larger scope of work, PAPM may provide a higher fee up to approximately 2%.

#### **4.15 Non-reimbursable Artist Costs:**

- **Artist's Agents:** The Arts Commission will deal directly with the artist; some aspects of a project may be delegated by the artist to his/her agent or representative if the artist so authorizes. All relationships and financial arrangements between artists and their agents, representatives and galleries must be undertaken by the parties alone. The Arts Commission assumes no responsibility for payment of fees and commissions, nor will it adjudicate differences between the parties. The payment of commissions or fees is the sole responsibility of the artist and must be deducted from the artist's fee. Under no circumstance will the Arts Commission increase the Artist's fee or the project budget to accommodate for the payment of gallery or agent fees.
- **Legal Counsel:** The cost of legal counsel to review and/or negotiate contacts with the Arts Commission, or for any other purpose may not be a budget line item charged to the Arts Commission.
- **Insurance Not Required by the Arts Commission:** The cost of premiums for any insurance not specifically required by the Commission may not be a line item expense charged to the Arts Commission.

#### **4.16 Project Completion:**

At the completion of each project, the following procedures shall be followed to facilitate the transfer of project responsibility from the Public Art Program to the Civic Art Collection.

Commission Resolution Approving Artwork as Installed: When an artwork has been created as part of a contractual agreement, the Commission shall approve the artwork as installed by Resolution upon the completion of the project. Such Resolution acknowledges that the artwork has been fabricated and installed in accordance with the contract documents and design approved by the Commission.

- **Collection's Survey Forms:** As a condition of final payment to the artist, the artist must complete a Collection's Survey Form, which documents fabrication methods, artistic intent, and maintenance requirements.
- **Acceptance of the Artwork into the Civic Art Collection:** Upon project completion the Senior Registrar shall prepare a Resolution for Commission approval accepting the artwork into the Civic Art Collection.
- **Transfer of Files:** Upon completion of the project, the PAPM will turn over the project files to the Senior Registrar.

- 5.5 Costs Associated with the Gift:** All costs associated with the gift must be borne by the donor. Costs may include, but are not limited to, the costs associated with design, engineering, building permits, fabrication, installation, general insurance and maintenance. The donor/sponsor will also be responsible for the design and cost of a pedestal, identification plaque, base, structural support and landscaping of site and must provide a maintenance endowment for the artwork. **The Commission may also require an administrative fee to cover costs associated with staff coordination and oversight of the project.**

- 5.5.1 Maintenance Endowment: An endowment fund adequate to ensure the continued care of gifts of art shall be required for all outdoor artworks and may be required for indoor artworks to maintain the gift in a condition satisfactory to the donor and the Commission. The amount of the maintenance endowment shall be negotiated with the donor on a project to project basis. Scale, material, location, value of the work and potential for vandalism will be considered in determining the maintenance endowment.

- 5.6 Criteria for Acceptance:** Gift acceptance and placement should be in accordance with adopted policy and current or historic use or master plans and should be consistent with general Arts Commission collection goals. The location and design of the gift should be appropriate for the user and context of the proposed site.

- **Project Costs:** Acceptance is contingent on receipt of payment from the owner for all costs associated with the gift, including transportation, installation, and maintenance endowment and staff time.
- **Quality:** The consideration of highest priority is the inherent quality of the artwork itself.
- **Compatibility with Site Context:** Proposed works of art must be compatible in scale, material, form, and content with their surroundings. Attention shall be given to the social context of the work and the manner in which it may interact or contribute to the use of the site.
- **Media:** All forms of visual art executed in permanent materials may be considered. Works may be either portable or permanently attached.

- When possible, if an existing bust is to be relocated, the Arts Commission shall make its best effort to consult with or advise individuals and/or communities that may be associated with the subject of the bust to be relocated.
- An informational presentation of the proposed design and location for the commemorative bust will be made to the City Hall Preservation Advisory Commission.

- 5.7 Removal, Relocation or De-accessioning of Gifts of Art.** In accepting a gift of artwork of art or commemorative plaque, the Commission shall not be bound by any agreement with the donor that restricts the Commission's ability to act in the best interests of the City and County of San Francisco. Nothing in the acceptance of a gift of artwork shall prevent the Arts Commission from approving subsequent removal, relocation or de-accessioning of such gifts if it serves the City's best interest to do so. The Arts Commission shall de-accession and dispose of works of art in its collection in accordance with both the Commission's De-accessioning policies and as in accordance with the requirements of the Administrative Code, Section 10.100.30.

## **6. COLLECTIONS MANAGEMENT: ROLES AND RESPONSIBILITIES**

- 6.1.2 Agreement with Recreation and Park Commission:** The Arts Commission shall be authorized to enter into agreement with the Recreation and Park Commission, upon such terms as may be mutually agreed, for the cataloging, care and maintenance of any or all of the above media located on properties under the jurisdiction of the Recreation and Park Commission.
- 6.1.3 Authorization of the Sale or Exchange of Works of Art:** The Arts Commission by a 2/3 vote is authorized to sell or exchange works of art under its jurisdiction under the terms specified under Sec. 2A.150.1, described here under Section 7.3, De-Accessioning.
- 6.1.4 Reproductions or Adaptations:** The Arts Commission may license the making of reproductions or adaptations of works of art under its jurisdiction. Note: While the Administrative Code allows the Arts Commission to license the making of reproductions, the Arts Commission must confirm that it has license from the artist who holds the copyright to make reproductions or adaptations of a work of art.
- 6.2 Visual Arts Committee:** The Visual Arts Committee reviews Collections issues and makes recommendations to the full Arts Commission relative to all aspects of the management of the Collection that require Commission Resolution, including, but not limited to the approval to de-accession artwork through sale or exchange, or authorize the removal, alteration, or destruction of any artwork under the Commission's jurisdiction.
- 6.3 Senior Registrar:** The Senior Registrar shall coordinate the care and maintenance of the Collection, including:
- Developing and maintaining an inventory of the Collection maintenance needs
  - Identifying funds for maintenance and conservation needs and applying for grants

The Director of Cultural Affairs is also given authority under Arts Commission Resolution 0507-12-142 to approve *contracts, purchase orders, or direct payment vouchers up to \$500,000 with conservators, art technicians, or other qualified contractors for the purpose of performing conservation, maintenance and repair on works of art in the City's art collection; approve contracts, purchase orders, or direct payment vouchers up to \$500,000 with art service providers for transportation, storage, installation, de-installation of artwork, construction cases, vitrines and framing, and other similar work related to the care and maintenance of the City's collection that does not require design approval from the Commission.*

## **7. COLLECTIONS MANAGEMENT: DE-ACCESSION, REMOVAL, ALTERATION, AND DESTRUCTION POLICIES AND PROCEDURES**

**7.1 Overview of Collection's Policy:** It is the objective of the Commission to acquire works of art of the highest quality. Acquisition by the City and County of San Francisco implies a commitment to the preservation, protection and display of the artwork for the public benefit. Acquisition implies permanency within the collection, as long as the work maintains its physical integrity, identity and authenticity, and as long as it remains useful to the purposes of the people of the City and County of San Francisco. When any of these conditions no longer prevail, the Arts Commission may consider removal from public display and/or de-accessioning.

**7.2 Removal from Public Display:** If the artwork is removed from public display, the Arts Commission may consider the following options:

- Relocation of Public Display: If the Commission decides that an artwork must be removed from its original site, and if its condition is such that it could be re-installed, the Commission will attempt to identify another appropriate site. If the artwork was designed for a specific site, the Art Commission will attempt to relocate the work to a new site consistent with the artist's intention. If possible, the artist's assistance will be requested to help make this determination.
- Store object until a new site has been identified or the Commission decides to de-accession the artwork.
- Sale or Trade of Object after de-accession.

**7.2.1 Provisions for Emergency Removal:** In the event that the structural integrity or condition of an artwork is such that, in the opinion of the Art Commission's Director of Cultural Affairs, the artwork presents an eminent threat to public safety, the Director may authorize its immediate removal, without Commission action or the artist's consent, by declaring a State of Emergency, and have the work placed in temporary storage. The artist and the Arts Commissioners must be notified of this action within 30 days. The Commission will then consider options for disposition: repair, reinstallation, maintenance provisions or de-accessioning. In the event that the artwork cannot be removed without being altered, modified, or destroyed, and if the Artist's Agreement with the City and County has not waived his/her rights under the California Art Preservation Act and the 1990 Visual Artists' Protection Act, the Director must attempt to gain such written permission before proceeding. In the event that this cannot be accomplished before action is required in order to protect the public health and safety, the Director shall proceed according to the advice of the City Attorney.

## **7.3 De-accessioning:**

**7.3.1 Statement of General Policy:** In general, works of art will not be de-accessioned within 10 years after acquisition. The Arts Commission shall de-accession and dispose of works of art in its collections only in the public interest and as a means of improving the quality of the collections.

**7.3.2 Consideration of Alternatives for Disposition of a Work of Art:** In considering various alternatives for the disposition of de-accessioned objects, the Arts Commission should be concerned that:

- The manner of disposition is in the best interests of the Arts Commission and the public it serves.
- Preference should be given to retaining works that are a part of the historical, cultural, or scientific heritage of San Francisco and California.
- Consideration should be given to placing the art objects, through gift, exchange, or sale, in another tax-exempt public institution wherein they may serve the purpose for which they were acquired initially by the Arts Commission.
- Objects may not be given or sold privately to City employees, officers, members of the governing authority, or to their representatives, except as specified below.

7.3.3 Conditions: A work of art may be considered for removal from public display and/or de-accessioning if one or more of the following conditions apply:

- The work does not fit within the Arts Commission's mission, goals, or guidelines for the Civic Art Collection.
- The work presents a threat to public safety.
- Condition or security of the work cannot be guaranteed, or the Arts Commission cannot properly care for or store the work.
- The work requires excessive or unreasonable maintenance, or has faults in design or workmanship.
- The condition of the work requires restoration in gross excess of its aesthetic value, or is in such a deteriorated state that restoration would prove either unfeasible, impractical or misleading.
- No suitable site for the work is available, or significant changes in the use or character of design of the site affect the integrity of the work.
- The work interferes with the operations of the client agency.
- Significant adverse public reaction over an extended period of time (5 years or more).
- The work is judged to have little or no aesthetic and/or historical or cultural value.
- The Arts Commission wishes to replace a work with a more appropriate work by the same artist.
- The work can be sold to finance, or can be traded for, a work of greater importance.
- Written request from the artist has been received to remove the work from public display.
- The work is duplicative in a large holding of work of that type or of that artist.
- The work is fraudulent or not authentic.
- The work is rarely or never displayed.

7.3.4 Process: The following steps shall be followed for works being considered for de-accessioning:

7.3.4.1 Absence of Restrictions: Before disposing of any objects from the collections, reasonable efforts shall be made to ascertain that the Commission is legally free to do so. Where restrictions are found to apply, the Arts Commission shall comply with the following:

- Mandatory restrictions shall be observed unless deviation from their terms is authorized by a court of competent jurisdiction.
- Objects to which restrictions apply should not be disposed of until reasonable efforts are made to comply with the restrictive conditions. If practical and reasonable to do so, considering the value of the objects in question, the Commission should notify the donor if it intends to dispose of such objects within ten years of receiving the gift or within the donor's lifetime, whichever is less. If there is any question as to the intent of force of restrictions, the Commission shall seek the advice of the City Attorney.

7.3.4.2 Arts Commission Staff Report: The Arts Commission staff shall prepare a report which includes a staff evaluation and recommendation along with the following information:

- **City Attorney's Opinion:** The City Attorney shall be consulted regarding any restrictions that may apply to a specific work.
  - **Rationale:** An analysis of the reasons for de-accessioning and its impact on the Collection and the artist, and an evaluation of the artwork.
  - **Community Opinion:** If pertinent, public and agency feedback on the dispensation of work in question.
  - **Independent Appraisal or other documentation of the value of the artwork:** Prior to disposition of any object having a value of \$10,000 or more, Arts Commission staff should obtain an independent professional appraisal, or an estimate of the value of the work based on recent documentation of gallery and auction sales.
  - **Related Professional Opinions:** In cases of where de-accessioning or removal is recommended due to deterioration, threat to public safety, ongoing controversy, or lack of artistic quality, it is recommended that the Commission seek the opinions of independent professionals qualified to comment on the concern prompting review (conservators, engineers, architects, critics, safety experts etc.).
  - **History:**
    - Provide written correspondence, press and other evidence of public debate.
    - Original Acquisition method and purchase price.
    - Options for Disposition.
    - Replacement Costs.
- 7.3.5 **Visual Arts Committee Hearing:** The recommendation to de-accession a work of art will be considered by the Visual Arts Committee as part of the Committee's regular or special meeting. The Committee shall make its recommendation to the full Arts Commission.
- 7.3.6 **Arts Commission Hearing and Resolution:** The Commission must approve by Resolution the Visual Arts Committee's recommendation that a work of art under its jurisdiction should be de-accessioned through sale or exchange.
- 7.4 Sale or Exchange of Artwork:** In accordance with Sec. 2A.150.1 of the San Francisco Administrative code, when the Commission determines that it would be advantageous to the City and County, a work of art under its jurisdiction may be sold or exchanged as follows:
- 7.4.1 **Exchange:** The Arts Commission may exchange a work of art on such terms as the Arts Commission, by a 2/3 vote of the members of the Commission determines appropriate, provided that any exchange is subject to the approval of the Purchaser.
- 7.4.2 **Sale at Public Auction:** A work of art under the jurisdiction of the Commission may be sold at public auction to the highest and best bidder and the Commission may contract with a licensed auctioneer for the purpose of conducting the sale or sales. The contract shall specify the compensation to be paid for the auctioneer's services and set forth the terms and conditions under which the sale or sales are to be conducted. Each such contract shall be approved by the Purchaser.
- 7.4.3 **Private Sale:** If the work is offered at public auction and no bids are received, or if the bids are rejected, or if the Arts Commission determines, by a 2/3 vote of the members that the work may be sold on terms more advantageous to the City if sold through private sale. Any contract for the private sale of a work of art is subject to the approval of the Purchaser. A work of art on which bids have been rejected shall not thereafter be sold through private sale for less than the amount of the highest bid received.
- 7.4.4 **Proceeds from Sale of Artwork:** In accordance with Section 10.100.30 of the San Francisco Administrative Code, all proceeds from any sale or auction, less any payment due the artist under the California Resale Royalties Act, shall be credited to the Public Arts Fund, and the monies contributed to the fund from the sale, exchange or exhibition of a work of art under the jurisdiction of the Arts Commission shall be expended exclusively for the purpose of acquiring or maintaining works of art for the same public structure for which the original work of art was acquired.

- **Adequate Records:** An adequate record of the conditions and circumstances under which objects are de-accessioned and disposed of should be made and retained as part of the Collections Management records.
- **California Resale Royalties Act:** The Commission shall abide by the California Resale Royalties Act (Civil Code section 986) with respect to notification of the sale of any work of art which is sold for more than \$1,000, and payment of 5% of the sale price for any work of art which is sold for more than the Commission paid for the artwork provided that the artist can be located by reasonable means. If the artist cannot be found, the Resale Royalty will revert to the California Arts Council in accordance with state law.

**7.5 Alteration, Modification, or Destruction of Artwork:** It is the primary responsibility of the Art Commission to preserve and protect the art collections under its management for the people of the City and County of San Francisco. However, under certain conditions, and in accordance with the constraints of the California Art Preservation Act (Civil Code 987), known as CAPA, and the Visual Artists Rights Act of 1990 (17 U.S.C. 106A and 113 (d), known as VARA, or in the case where the Artist has waived his/her rights under CAPA and VARA, in accordance with the City's contractual agreement with the artist, the Commission may authorize actions that would alter, modify or destroy an artwork.

**7.5.1 Conditions:** Removal and disposal, destruction, alteration or modification of an artwork may be considered under the following circumstances:

- The work has faults of design or workmanship, or is damaged so that repair or remedy is impractical, unfeasible or an unjustifiable allocation of resources.
- The work poses a threat to public safety, or in some other way poses a potential liability for the City and County of San Francisco. In the event that the condition of the artwork represents an eminent safety hazard, and cannot be removed without risk of damage or destruction, the Director of Cultural Affairs will proceed in accordance with the provisions specified under "Emergency Removal."
- The Commission deems it necessary in order for the City and County to exercise its responsibilities in regard to public works and improvements, or in furtherance of the City's operations, or for any other good cause.

**7.5.2 Options:** If, for any of the above reasons, the City and County of San Francisco finds it necessary to pursue plans that would modify, remove, destroy or in any way alter an artwork, and the Arts Commission approves such action, then the Arts Commission shall make a reasonable effort to notify the artist by registered mail of the City's intent and outline possible options, which include, but are not limited to the following:

- **Transfer of Title to the Artist:** The artist will be given the first option of having the title to the artwork transferred to him/her. If the artist elects to pursue title transfer, he/she is responsible for the object's removal and all associated costs.
- **Disclaim Authorship:** In the case where the City contemplates action which would compromise the integrity of the artwork, the artist shall be given the opportunity to disclaim authorship and request that his/her name not be used in connection with the given work.
- **Alteration, Modification or Destruction:** If alteration, modification, or destruction is of an artwork protected under the California Art Preservation Act, or the Visual Artists Rights Act of 1990 is contemplated, the Commission must secure a written waiver of the artist's rights under this section. In the case of an emergency removal that may result in destruction or irreparable damage, the Director will act in accordance with the advice of the City Attorney.

## **8. COLLECTION MANAGEMENT: CIVIC ART COLLECTION LOANS**

**8.1 Enabling Legislation:** Charter Section 5.100 provides that “the governing boards of the arts and culture departments may accept and shall comply with the terms and conditions of loans, gifts, devises, bequests or agreements donating works of art or other assets to their department without action of the Board of Supervisors so long as acceptance of the same entails no expense for the City and County beyond ordinary care and maintenance.”

**8.2 Loan Programs:** Loans of artwork from the Civic Art Collection are administered as two distinct projects by PAP/CAC staff – The Inter-office Loan Program and the Institutional Loan Program.

**8.2.1 The Inter-office Loan Program:** The Arts Commission loans artwork from the Civic Art Collection that is not permanently sited or architecturally integrated to other city departments for display in publicly accessible spaces. The borrowing department must meet and agree to certain criteria and will be considered for approval based on the following:

- Request, in writing, addressed to the Senior Registrar detailing the number and type of artwork desired, the facility and environment in which it will be displayed, contact information for responsible parties, and project timeline.
- Artworks on loan to city departments must be displayed in areas that are accessible to the public such as lobby's, conference rooms, hallways and common areas. Artworks are not allowed to be displayed in private offices.
- Borrowing Department assigns a staff liaison to assist in administration of the loan and ensure staff buy-in with the display of artwork in work spaces.
- Borrowing Department agrees to undertake all costs for packing, transporting, and installing artwork, as well as Arts Commission staff administration of the loan. Standard fees for this service shall be established by the Director of Cultural Affairs, and reviewed and modified as necessary. This applies to both the initial installation as well as the return of artwork to the Arts Commission at the end of the loan period.
- The Borrower agrees to accept fiscal responsibility for repairs if damage is caused by the borrower's negligence. Only staff and contractors of the Arts Commission are authorized to handle, install, and relocate loaned works of art.
- Requests are reviewed by collections staff, with final approval given by the Director of Cultural Affairs.
- Execution of Loan Agreements and possible Memoranda of Understanding between the Arts Commission and Borrowing Department signed by the Director of said Department and countersigned by the Senior Registrar.
- The Arts Commission reserves the right to recall any object(s) with sufficient notice to the borrower for its own purposes. Upon routine inventories and inspections, should the Arts Commission determine that an object has been damaged or mistreated, the Arts Commission reserves the right to remove it without notice.

**8.2.2 The Institutional Loan Program:** The Arts Commission considers written loan requests of artwork in the Civic Art Collection from accredited institutions, or those whose staff and facilities are similarly qualified. The borrowing institution must meet certain criteria and will be considered for approval based on the following:

- Request, in writing, addressed to the Director of Cultural Affairs detailing the artwork desired for loan, it's significance pertaining to planned exhibition, the facilities in which it will be exhibited, and project timeline.
- Requests are considered on an individual basis and the Arts Commission's decision to lend is based upon the pertinence of the artworks to the content of the exhibition, whether the loan furthers the programs mission to display artwork for the public benefit, in addition to the availability, condition and fragility of the artwork in question.

- Borrower agrees to undertake all costs for packing, transporting, handling and insuring the artworks in transit to and from all venues and during exhibition of the artwork. Borrower agrees to any additional fee structure negotiated to cover cost of loan administration on behalf of the Arts Commission.
- Execution of Loan Agreements and Memoranda of Understanding between the Arts Commission and Borrower.
- Institutional Loan requests are presented for approval at the Visual Arts Committee meeting, with staff recommendation, and require resolution of the Full Commission in order to proceed.

## Appendix A

### SEC. 3.19. APPROPRIATION FOR ART ENRICHMENT OF PROPOSED PUBLIC BUILDINGS, ABOVEGROUND STRUCTURES, PARKS AND TRANSPORTATION IMPROVEMENT PROJECTS.

(a) **Art Enrichment Allocation.** Before proposing a bond issue or making a request for an appropriation for the construction of any of the projects set forth in Subsection (c) below, the officer, board or commission concerned shall add thereto for the art enrichment of the proposed construction, two percent of the gross estimated construction cost, exclusive of the items proposed for such art enrichment. Where funding eligibility is limited by law or funding agency rules, the art enrichment allocation shall be based upon two percent of eligible construction costs.

If the officer, board or commission concerned determines that two percent of the gross estimated construction cost is inappropriate for art enrichment, such officer, board or commission shall submit its recommendation regarding the art enrichment budget and the basis for its determination to the Arts Commission for the Arts Commission's review. If the officer, board or commission concerned is unable to resolve the matter with the Arts Commission, the matter shall be submitted to the Mayor by the Arts Commission for final determination within 60 days from the date the recommendation is made.

Failure of the Arts Commission to submit the matter to the Mayor for resolution within such time shall be deemed equivalent to the Arts Commission's acceptance of the recommendation made by the officer, board or commission concerned.

(b) **Definitions.** For purposes of this Section:

"Alteration" of a building, aboveground structure, or transportation improvement project shall include substantial changes to elements such as walls, partitions, or ceilings on 2/3 or more of the total floor space, excluding basements. "Substantial changes" shall include additions to, removal of, and modification of such elements.

"Art Enrichment" shall mean the acquisition and installation of original works of art (including limited editions), or temporary installation, display, or presentation of the same, on City property for aesthetic and cultural enhancement of public buildings and public spaces and engagement of the public with the creative work of artists, as approved by the Arts Commission.

"Civic Art Collection" shall mean the various artworks owned by the City under the jurisdiction of the Arts Commission that are accessioned by Resolution of the Commission into the Civic Art Collection.

"Construction cost" shall mean the total estimated construction contract award amount, including the costs of all built-in fixtures, unless otherwise agreed to by the Arts Commission. "Construction cost" shall not include movable or personal property or construction cost contingency.

"Transportation improvement project" refers to Municipal Railway and Department of Public Works projects which include both aboveground and below-ground transportation-related projects; new boarding ramps; new transit platforms; new terminals and transportation systems with their attendant passenger amenities, such as shelters, seating, lighting, landscaping, and signage; new transportation-related structures such as maintenance and operating facilities; power substations; and street/highway-related transit improvements such as bridges and overpasses.

(c) **Application.** This Section shall apply to the construction or alteration of the following: (1) a building; (2) an aboveground structure; (3) a new park; or (4) a transportation improvement project.

The requirements of this Section shall also apply to the alteration of a building, aboveground structure, or transportation improvement project.

(d) **Exemptions.** The following shall be exempt from the requirements of this Section:

(1) Transportation improvement projects limited to rail replacement, rehabilitation or extension of catenary wiring; sidewalk (including curbs and gutters), street paving, repair or improvements; or transit vehicle purchases;

(2) All mechanical, plumbing and electrical system upgrades, structural or seismic upgrades, and modifications for disabled access, unless occurring in conjunction with alteration of a building, an aboveground structure or transportation improvement project;

(3) All park and landscape renovation projects including, but not limited to court resurfacing; landscape renovation or replanting; sewer and water lines; drainage and irrigation systems; wells; erosion control; restrooms; repaving; new paving; stairway repair or replacement; utilities; community gardens; modifications for disabled access; signage; lighting; fence replacement or repair; replacement or repair of existing play structures; natural areas management; modifications to existing parks; and new land uses within existing parks;

(4) Annual CIP funded capital improvements for security/life safety and health deficiencies when not occurring in conjunction with alteration of existing public buildings, aboveground structures, parks and transportation projects which are supported by the General Fund;

(5) Aboveground pipelines and their supports, such as trestles, anchor blocks and saddles; valve lots; power transmission lines and towers; switchyards and substations; and dwellings in watershed areas;

(6) Airfields and Airports Commission equipment; and,  
(7) Airports Commission signage when not occurring in conjunction with a larger construction contract subject to this Section.

(e) **Administrative Fees.** The Arts Commission shall supervise and control the expenditure of all funds appropriated for art enrichment and shall allocate up to 20 percent of said funds for all necessary and reasonable administrative costs incurred in connection therewith unless such administrative fee is limited or prohibited by the funding source.

(f) **Aggregation of Funds.** When mutually agreed upon by the Arts Commission, the City department from whose capital project the art enrichment allocation was obtained, and any other City department with jurisdiction over a proposed alternative site, and where permitted by the funding source, the Arts Commission shall have the authority to aggregate art enrichment funds for use on an alternative City property.

(g) **Maintenance and Conservation Funds.** When permitted by the funding source, the Arts Commission may set aside and expend up to ten percent of the total art enrichment allocation for each project for maintenance and conservation of artworks in the Civic Art Collection. If the project has limited public access, or generates funds insufficient to acquire new artwork, or cannot otherwise be used judiciously for that purpose, the Arts Commission may use the entire project Art Enrichment allocation for maintenance and conservation (aggregating or transferring funds as per subsection (f) above). When permitted by the funding source, funds set aside pursuant to this Section shall be invested in an interest-bearing account when the total of such funds set aside exceeds \$10,000.

(h) **Miscellaneous Provisions.**

(1) When a client department suggests a mitigation measure to address any perceived safety concerns relative to any element of the art enrichment, the Arts Commission shall work with the client department to ensure that such mitigation is implemented to the satisfaction of the client, the Arts Commission and the artist, if such safety concern is raised by the client department within 30 days after the element has been presented for review to the client department.

(2) Construction and installation of art enrichment shall comply with the requirements of all applicable building codes, laws, ordinances, rules and regulations.

(3) Nothing in this Section contained shall be construed to limit or abridge the legal powers of the governing boards of the War Memorial, the Fine Arts Museums, the Asian Art Museum or the Port of San Francisco.

(4) Nothing in this Section shall be construed to limit or abridge the jurisdiction of the officer, board or commission of the participating City department to supervise and control the expenditure of project funds other than the two percent allocation for art enrichment.

(5) This amendment shall not be applied retroactively to projects for which an art enrichment allocation previously would not have been required, nor to those projects for which project funding has been approved either by prior voter action or by airport revenue bond sales, but not yet appropriated or expended. Nor shall this ordinance be construed to allow for an increase in the total art enrichment allocation for a project that is already underway or for which the art enrichment allocation has already been established.
