ABOUT JOHNSON CITY

Johnson City, with an elevation of over 2,000 feet, is located in the foothills of the Appalachian Mountains. It is surrounded by farmland, undulating hills, lush valleys, and many lakes and rivers. Johnson City has an abundance of unspoiled natural beauty and four distinct seasons.

The ninth-largest city in Tennessee, with a population of nearly 67,000, Johnson City was founded in 1856 as “Johnson’s Depot” and later became a major rail hub for the Southeast. In 1869, it was incorporated by the State of Tennessee as Johnson City, Tennessee. Johnson City is distinguished as a community that embraces art, the environment, commerce, science, community, and education. It is home to a broad based economy and to East Tennessee State University. The City houses a healthy blend of residents, ranging from college students and young families to those of retirement age. Many locate to the area due to its proximity to the mountains and its pleasant climate. Johnson City residents and visitors have enjoyed a large amount of nearby outdoor recreation opportunities for many years, but these opportunities have recently been promoted on a wider scale in an effort to
enhance tourism and economic development. In 2018, the City was voted the “Top Adventure Town” for a mid-sized city by Blue Ridge Outdoors.

New developments in downtown Johnson City reflect this emphasis on outdoor recreation as two new parks in the downtown have provided much needed green space as well as community gathering spaces for the city. The amount of downtown events has multiplied since the parks were developed, and the number of visitors has also grown tremendously. The City’s downtown has been in the midst of a revitalization period for the past ten years as additional restaurants, breweries, and businesses have located to the area. This has enhanced nightlife while increasing the amount of foot traffic as college students and others flock to the area for a variety of purposes. Several historic buildings have been renovated and leased, and this trend is expected to continue. Public art has played a role in the revitalization and has especially enlivened the parks through the incorporation of sculpture, murals, and artistic public infrastructure projects.

The City also welcomed the development of a pedestrian/bike trail and a mountain bike park in recent years. The trail, known as the Tweetsie Trail, connects Johnson City and Elizabethton and follows a former railroad right-of-way between the two locations. The mountain bike park boasts four miles of biking and hiking trails. The park is located at Tannery Knobs, a rugged, forested area that overlooks the downtown area. Buffalo Mountain Park is another prominent outdoor recreation destination just minutes from the city center. The park offers densely forested hiking trails to waterfalls and panoramic overlooks.

**PROJECT DESCRIPTION & THEME**

The theme for the mural project is *Body and Earth in Motion, Wellness and Peace Within*. The Johnson City Public Art Committee is seeking designs that showcase the many outdoor activities that people engage in within the area (hiking, camping, biking, canoeing, kayaking, running, sports, etc.). Many people are drawn to Johnson City because of its proximity to a wide array of outdoor recreation areas. Due in large part to the outdoor amenities provided within the city, residents and visitors alike are able to enjoy healthy, active lifestyles while enhancing their connection to the natural environment.

The mural design should feature figures engaging in physical activity within these outdoor settings. All the locations displayed in the mural are not required to be immediately recognizable, but some of the outdoor landmarks included should be more readily recognizable in order to imbue the design with a sense of place. The design should convey thoughts and feelings of action, contemplation, connection, wonder, beauty, and happiness, depicting Johnson City as a place where residents and visitors can exercise, play, and enhance their health and well-being through time spent outdoors.

The final design will be submitted to the Tennessee Department of Transportation for approval as the mural site is located on state right-of-way. The design must be easily readable for passing vehicles at high speed and avoid any highly distracting elements. It should not include text, flags, or religious/political/commercial symbols. The color palette should not include colors or combinations of colors that are typically reserved for traffic control and could be interpreted as relating to traffic control elements.

A link to a photo compilation of prominent parks, trails, and other natural areas in Johnson City is available at: [https://jcpublicart.com/overpass-mural-project/](https://jcpublicart.com/overpass-mural-project/). Finalists for this project are encouraged to conduct further research into the outdoor amenities available in the city. The Johnson City Public Art Committee can provide additional information on the outdoor locations listed in the RFQ if needed.
The mural site is located on the **four walls** below the I-26 overpass that face North Roan Street (marked in yellow on the images above). The site is surrounded by a dense commercial district and is highly visible to the large amount of vehicular traffic that travels to and from the many shopping areas, restaurants, hotels, and other businesses which lie on either side of the overpass. Each wall is approximately 73 feet wide x 10 to 18 feet high, and the total square footage for all four walls is approximately 4,000.

The artist will also be responsible for painting the side walls (marked in blue in the image above) a solid color which complements the color palette used in the mural design. There are eight side walls totaling approximately 5,400 square feet.
**SELECTION CRITERIA**

A Public Art Selection Panel will review the qualifications of applicant artists and make recommendations to the Johnson City Public Art Committee. The Selection Panel includes artists, arts advocates, curators, administrators, project partners, and other arts and community development specialists. Their selections will be based on the following criteria:

GENERAL CONTRACT FORM

The General Contract Form is included in every solicitation requiring insurance. The general requirements of the contract form are supplemented by items checked on the Insurance Checklist that identify specific requirements for the bid or project.

INSURANCE

Review this section carefully with your insurance agent or broker prior to submitting a bid or proposal. See Insurance Checklist (part of the Bid Forms) for specific coverage applicable to this contract. The term “Contract” as used in this section shall mean the Agreement covering the work that is entered into between the City of Johnson City, Tennessee and the Contractor.

1. General Insurance Requirements:

1.1 The Contractor shall not start work under this contract until the Contractor has obtained at its own expense all of the insurance called for hereunder and such insurance has been approved by the City; nor shall the Contractor allow any subcontractor to start work on any subcontract until all insurance required of the subcontractor has been so obtained and approved by the Contractor. Approval of insurance required of the Contractor will be granted only after submission to the Director of Purchasing of original, signed Certificate(s) of Insurance, General Contract Form, and Insurance Checklist or, alternately, at the City’s request, certified copies of the required insurance policies.

1.2 No acceptance and/or approval of any insurance by the City shall be construed as relieving or excusing the Contractor, or the surety, or its bond, from any liability or obligation imposed upon either or both of them by the provisions of the Contract Documents.

1.3 The City of Johnson City (including its elected and appointed officials, agents, and employees) is to be named as an additional insured under all coverage except Worker’s Compensation, Automobile Liability, and Professional Liability and the Certificate of Insurance or the certified policy, if requested, must so state. Coverage afforded under this paragraph shall be primary as respects the City, its elected and appointed officials, agents and employees. The following definition of the term “City” applies to all policies issued under the contract:

“The City of Johnson City, Tennessee together with all of its various departments, bureaus, and agencies, as well as any affiliated or subsidiary board, committee, or authority, including but not limited to the City of Johnson City, Dept. of Education (A.K.A “Johnson City Schools”)."

1.4 The contractor shall provide insurance as specified in the Insurance Checklist contained in this document. In the event that Contractor obtains insurance coverage that is broader than the minimum required by this Agreement, this Agreement shall be deemed to require the broader coverage, including but not limited to any greater limits and any excess or umbrella coverages.
1.5 The Contractor covenants to save, defend, hold harmless and indemnify the City of Johnson City, Tennessee together with its various departments, elected or appointed officials, employees, officers, counsel, agents, and any and all other persons or entities acting on behalf of the same (collectively the City) from and against any and all claims of any sort based upon any theory of liability whatsoever, for any and all harm, loss, damage, injury, cost (including court cost and attorney fees) charges, or other liability of any nature whatsoever, however caused, resulting from or arising out of or in any way connected with the contractors performance or non-performance of the terms of the contract documents or its obligations under the contract based upon any theory of liability whatsoever, including claims brought by third persons, and further covenants to discharge all of the aforesaid persons and entities and forever hold them harmless from the same. The foregoing obligation to indemnify and defend shall continue in full force and effect after the aforesaid contractor completes all of the work required under the contract, until such time as the applicable statutes of limitation or repose have expired.

1.6 The Contractor shall be responsible for the work performed under the Contract Documents and every part thereof, and for all materials, tools, equipment, appliances, and property of any description used in connection with the work. The Contractor assumes all risks for direct and indirect damage or injury to the property or persons used or employed on or in connection with the work contracted for, and of all damage or injury to any person or property wherever located, resulting from any action, omission, commission or operation under the Contract, or in connection in any way whatsoever with the contracted work, until final acceptance of the work by the City.

1.7 Insurance coverage required in these specifications shall be in force throughout the Contract Term. If the Contractor fails to provide acceptable evidence of current insurance within ten days of written notice at any time during the Contract Term, the City shall have absolute right to terminate the Contract without any further obligation to the Contractor and the Contractor shall be liable to the City for the entire additional cost of procuring performance by another vendor and the cost of performing the incomplete portion of the Contract at time of termination. **Contractor** is required to provide the City with notice of cancellation, non-renewal, or material change in coverage at least thirty (30) days prior to cancellation, non-renewal, or material change in coverage.”

1.8 Contractual and other liability insurance provided under this Contract shall not contain a supervision, inspection or engineering services exclusion that would preclude the City from supervising or inspecting the project as to the end result. The Contractor shall assume all on-the-job responsibilities as to the control of persons directly employed by it and of the subcontractors and any persons employed by the subcontractor.

1.9 Nothing contained in the specifications shall be construed as creating any contractual relationship between any subcontractor and the City. The Contractor shall be as fully responsible to the City for acts and omissions of the subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by the Contractor.

1.10 Precaution shall be exercised by the Contractor at all times for the protection of persons (including employees) and property. All existing structures, utilities, roads, services, trees and shrubbery shall be protected against damage or interruption of service at all times by the Contractor and its subcontractors during the term of the Contract, and the Contractor shall be
held responsible for any damage to property occurring by reason of its operation on the property.

1.11 If a Contractor cannot meet the insurance requirements contained in a bid, proposal, or project description, alternate insurance coverage may be considered. Written requests for consideration of alternate coverage must be received by the Director of Purchasing at least ten working days prior to the date set for receipt of bids or proposals. If the City denies the request for alternate coverage, the specified coverage will be required to be submitted. If the City permits alternate coverage, an amendment to the Insurance Requirement will be prepared and distributed prior to the time and date set for receipt of bids or proposals.

1.12 All required insurance coverage must be acquired from insurers authorized to do business in the State of Tennessee, and acceptable to the City. The insurers must also have policyholders’ rating of “B++” or better, and a financial size of “Class V” or better in the latest edition of Best’s Insurance Reports, unless the City grants specific approval for an exception in the same manner as described in 1.11 above.

1.13 The City may consider deductible amounts as part of its review of financial stability. The Contractor shall assume all deductibles.

Vendor reference to literature previously submitted will not satisfy this provision. Unless specified otherwise, it is understood that the referenced product will be furnished. All costs associated with default will be borne by the contractor. The City reserves the right to remove a company in default from the active vendor list for a time period to be determined by the Director of Purchasing.

10. DELIVERY

Delivery/delivery schedule must be clearly identified and realistically stated, as this may be a determining factor in the award.

11. DISCOUNT AND PAYMENT

Payment terms are Net 30 following receipt of the material or service and a correct invoice unless otherwise stated in the solicitation document. Discounts for prompt payment will not be considered in the bid evaluation for award. Partial payment will be allowed only if addressed in the solicitation.
